1222 CRAVENS LANE | CARPINTERIA, CA

After a recent state of the art expansion, McCann Mini Storage now has over 600 units ranging in size from 5X5 to 20X20. The smaller units are great for individuals needing to store the contents of a 1-2 room residence. Larger units are perfect for 2- and 3-bedroom homes. Our biggest units are an excellent choice for large, 4- and 5-bedroom homes. Choose from inside storage units or drive-up storage units for easier accessibility. If you need help figuring out which size you need, our facility managers are happy to assist.

WE'VE EXPANDED!

McCann Mini Storage is located on the north end of Carpinteria on the corner of Cravens Lane and Via Real. Located amongst several residential communities, the storage facility is just under 2 miles from downtown Carpinteria and approximately 5 miles south of Montecito. We love our proximity to Santa Barbara, one of the most beautiful stretches of California coastline. All set against the backdrop of the Santa Ynez mountains.
